Darshan Sunil Rajadhyaksha

Senior Software Engineer II

My Portfolio | d0rajadhyaksha@gmail.com | (+91) 8639314922

SKILLS

Languages	HTML5, CSS3, JavaScript (ES6+), Typescript
Libraries/Frameworks	React, Solidjs, Astro, Svelte, Redux, Express, Zustand, React Router, Material UI, Motion, Styled Components, React Query, React Window, Apache Echarts
Unit testing	Vitest, Jest, React Testing Library
Tools	Vite, Webpack, Babel, Storybook, Swagger, Npm, Git, Linux, Docker, Figma, Jira

WORK EXPERIENCE

HCLSoftware - *Pune* *Dec 2024 - Present*

Senior Software Engineer II

- Enhanced product **accessibility** by auditing UI components and implementing **WCAG compliant React features**, improving usability for all users
- Implemented **S/MIME** functionality to enable **secure email communication** within the product.
- Integrated **AI-based APIs** into the product to **simplify workflows** and **improve user productivity**.
- Built **global search** for faster information discovery across multiple sub-products.
- Migrated legacy **Dojo widgets to React components** and **upgraded React & MUI versions** across modules for improved stability and consistency.

Connectwise - *Pune* *Oct 2023 - Dec 2024*

Senior Frontend Engineer

- Built key application features in **React**, including a **virtualized Kanban board** with **Drag and Drop functionality**, **complex form handling**, and **data visualization** components.
- **Optimized application performance**, resulting in faster initial load times and smoother interactions.

Wipro Technologies - *Pune* *Aug 2018 - Oct 2023*

Senior Software Engineer

- Modernized legacy PHP applications into a **React + Redux** frontend and **Node.js (Express)** stack.
- **Improved performance** for large datasets in React applications by **optimizing UI rendering** and API calls, **increasing performance by 40%.**
- Built a real-time Linux infrastructure monitoring tool using **Svelte** and **SaltStack**, **improving infrastructure visibility** and reducing issue detection time for operations teams.
- Developed a **VSCode Extension** as part of a **code analytics product** using **React**, **React Router**, **React Query**, and **VSCode APIs** to help developers improve code quality and productivity.

PROJECTS

RockSolidJS - *Solid, TailwindCSS*

Solid component library for building modern, consistent, and accessible user interfaces.

MosaicUI - *React, Astro, TailwindCSS*

A flexible component library that speeds up development and makes your UI feel alive.

EDUCATION

Bachelor of Science in Information Technology *Jun 2015 - May 2018*

RJ College, Mumbai University
